About the Program

EmergyCare's EMT-B Programs are taught in partnership with Butler County Community College and follow 2011 National EMS Education Standards.

Our fast-paced course meets several times a week over a 4-month period to allow students the necessary time to learn the course materials and master the highly technical skills they will need to function as a competent Emergency Medical Technician. During the course, students will learn about anatomy, physiology, proper lifting and moving, patient assessment, treatment for cardiac arrest, medical emergencies, and traumatic injuries by participating in a mix of lectures, hands-on labs, and clinical rotations designed to prepare them for the National Registry of EMT Certification Exams.

Refund and Cancellation Policy

To withdraw from the course and receive a refund of tuition paid, you must submit a written request in the form of a letter, email, or fax to EmergyCare Education by noon 14 days prior to the first day of class.

Cancellations received after this date are not eligible for a refund of any kind.

Please note all refunds take 2-4 weeks to process and are subject to a $75 administration fee.

EmergyCare and Butler County Community College are accredited Training Institutes through the PA Department of Health, Bureau of Emergency Medical Services.

Program meets or exceeds the requirements of the PA Department of Health, Bureau of EMS, as set forth by the 2011 National EMS Standards.
